Manifold Greatness 1/24 - 2/22

2011 marked the 400th anniversary of the King James Bible (pictured, above); arguably the most important English-language book in history. That same year, the William H. Hannon Library was selected as one of forty sites across the country to host a traveling exhibition that examines the fascinating and complex history of the KJV.

This special exhibition, *Manifold Greatness: The Creation and Afterlife of the King James Bible*, was organized by the Folger Shakespeare Library, Washington, D.C., and the American Library Association Public Programs Office, and funded by a grant from the National Endowment for the Humanities.

Manifold Greatness will be on display in the library's level 3 atrium from January 24 through February 22. We have partnered with faculty and staff from across campus and throughout the community to design a thought-provoking, entertaining line-up of programming designed to explore the themes in the exhibition, which you'll find detailed below.

Admission to the exhibition and all of our programs is free and open to the public, and appropriate for an audience of all ages. We hope that you will join us in this interdisciplinary celebration and exploration of the King James Bible.

From Martyrs to Heretics...

Among its influences, the KJV can trace a lineage back to the Wycliffite Bible, an English translation which appeared, and was officially suppressed, more than 200 years earlier.

On Wednesday January 30 at 5:30 p.m., LMU English Professor Stephen Shepherd will examine how the Wycliffite Bible set not only a precedent for English Bible Translation, but also represented an intellectual movement that advocated the vernacularization of erudite knowledge and scholarly precision itself.

You can view a second edition on loan from the William Andrews Clark Library at UCLA in A&SC, along with other rare early Bibles, as a part of their spring exhibition *Singular Wisdom*.

After Professor Shepherd's presentation, attendees will be invited to view the Archives & Special Collections exhibition *Singular Wisdom: The King James Bible and Early Printed Bibles*, where exhibition curator Clay Stalls will be available to answer questions.

This event is free and open to the public, and light refreshments will be served. [RSVP here.](#)
